
Adding Review Comments

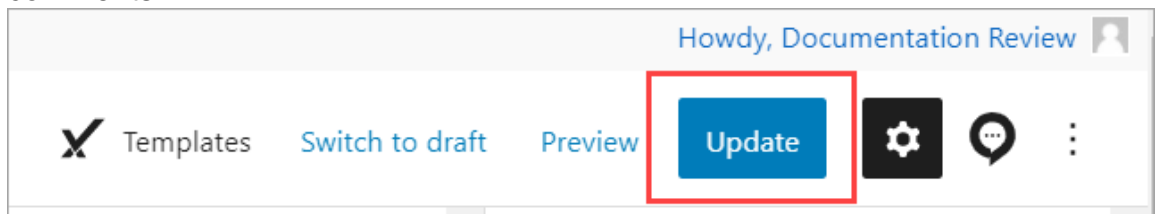

Infinity allows you to add Google Docs like comments to documentation topics.

To add a review comment:

1. Login to the documentation site.
2. [Opening a topic in Edit mode.](#)
3. Add review comments to the topic.
 1. Select the text for which you want to add the review comment, and then click **Comment** from the drop-down menu.

2. Add your review feedback and then click the **Comment** button.
3. Once you are done adding all your comments for the topic, ensure that you click the **Update** button located at the top-right corner to save the topic with your comments.

The technical writer will monitor the docs site for new comments.
